Agency Contract Inquiry

Illinois Casualty Company provides superior insurance protection to the food and beverage industry, at economical prices, exclusively through independent insurance agents. We are strongly committed to supporting the relationships we have with our agents (for example, we limit representation, prohibit “brokered” business, provide leads, offer training) and expect the same level of commitment in return. We look to form business relationships with agencies which are a “good fit” with Illinois Casualty Company and will engage in a true partnership with us: those which are/seek to earnestly target our niche, are willing to commit to a minimum of \$300,000 (urban) / \$125,000 (rural) in premium over a 12-month period, and continually strive to provide outstanding service to their customers.
