

It's what we do. It's who we are.

Other companies may offer coverage for your craft brewery or distillery, but most lack the knowledge of the food and beverage industry that we have. In fact, our experience and commitment to our customers has made us a preferred insurance provider in the craft beverage industry. You can count on the insurance experts at Illinois Casualty Company to provide a protection plan that is custom-tailored to your business.

Our coverage also comes with a commitment to training. Our "On TAP" training focuses on responsible selling and serving to help you decrease the likelihood of a claim against your establishment.

So, why take chances that your current policy will leave you "running dry" when you need it? Trust your craft brewery or distillery to the endorsed food and beverage insurance experts of Illinois Casualty Company.

# It could happen to you.

It has been an exciting adventure, and your product is really starting to take off. Then one night at an off-site tasting event, things get out of hand and some customers really overindulge. You find out later that a serious auto accident involved one of the patrons. Nearly a year later, you are served with a notice that you are being sued because you provided samples at this event.

What happens next? Could you really be liable? Are you covered for this? Could you lose everything you have worked so hard for?
